

MAJOR LEAGUE TOSSERS TO HEAD SOUTH WITHIN MONTH

St. Louis Browns First Big League Club to Start Work

Teams to Train in Five States; All Are to "Barnstorm."

PLAY LONG SCHEDULE

To Play Numerous Inter-League Games; a Big Double Bill Planned.

NEW YORK, Jan. 27.—The annual spring drive of major league stars of Dixie land will commence one month from today. Plans have been completed by all of the big league clubs, and within another month the crews of the bat will be resounding throughout the south, from Florida to southern California.

The St. Louis Browns will be the first to get under way, Manager Jimmie Burke having ordered his players to report at Taylor, Texas, on February 28.

The advance guards of several other major league teams, among them the Chicago Cubs, who go to Pasadena, the Cleveland Indians, who will return to New Orleans, and the three greater New York clubs—the Giants, Yankees and Dodgers—will start south on the 28th of February.

All of the teams will barnstorm on their return trip.

The Giants and Red Sox have an interesting schedule. The Braves and Detroit Tigers, Yankees and Dodgers, Reds and Senators and other combinations will be seen in action in many minor league cities and towns. On March 29 the world champion Reds and New York Yankees and Washington Senators and Brooklyn Dodgers will take part in a double header at Jacksonville, Fla.

The training camps of the clubs follow:

National League.
New York Giants, San Antonio, Texas; Brooklyn Dodgers, Jacksonville, Fla.; Boston Braves, Columbus, Ga.; Philadelphia Phillies, Birmingham, Ala.; Chicago Cubs, Pasadena, Calif.; Pittsburgh Pirates, Hot Springs, Ark.; Cincinnati Reds, Miami, Fla.; St. Louis Cardinals, Brownsville, Texas.

American League.
Chicago White Sox, Waco, Texas; New York Yankees, Jacksonville, Fla.; Cleveland Indians, New Orleans, La.; Boston Red Sox, Hot Springs, Ark.; Philadelphia Athletics, Lake Charles, La.; Detroit Tigers, Atlanta, Ga.; St. Louis Browns, Tyler, Texas; Washington Senators, Tampa, Fla.

CHANGES IN K. QUINTET

Ivan Grove May Replace Williams at Center With Pishney Playing Guard Position.

Changes in the lineup of the Ken-gall college basketball quintet, especially designed to perfect a more able defense, may be effected. Coach Francis Schmidt, Captain Ivan Grove, who has played at guard, was yesterday worked at center, with Pishney in Grove's defensive position. Dunham and Keck at forward, and Balcon, at guard, retain their positions.

It is especially necessary that a satisfactory semi-windup be staged. He is only a mediocre basket shooter but makes up for that by his defensive play. Whether Grove or Williams will play center is now problematical.

Serumage against the O. P. & R. five times this week. On Tuesday afternoon was highly satisfactory to Coach Schmidt. Both team combinations were worked effectively.

East Central normal basketers meet the Kendall City boys Friday night. Saturday night East Central defeated the southwest and members of Duran last week, and have one of the best fives in the history of basketball at that school. In Touch and Neogear, forwards, and Gibbs, center, they have three stars of more than average ability. Finch is former Oklahoma cager.

Negress Killed Last Night.
Bessie Gwin, negro of 813 East Fairview, was instantly killed by a bullet fired into her breast at 11 o'clock last night by Henry Brown, a negro living in the same neighborhood, according to the notes. Detectives were unable to discover the cause of the affair.

DAILY DOPE

By Larry Dailey

Bob Martin, highly touted A. P. & R. and international heavyweight boxer, has been suspended, received a setback Monday night when he lost a newspaper decision to George Hay Smith. The Associated Press and International News Service gave Smith the verdict. The United Press called the bout even.

Both Martin and Pishney gave the only heavyweight who gave Bob a good battle over there. When Jimmy Branson took over the affairs of Martin he immediately started effective publicity on his charge. Martin's record as fighter in the ring and as a soldier served to attract great interest. Then, his many victories since his return to the states, a majority of them by kaynes, indicated that he might be of championship caliber. Which he may be.

But this Ray Smith should not be overlooked. Ray Smith known outside of the boxing enthusiasts who follow the doings of all the boys, Smith has established himself as another likely soldier-boxer. In fact, the more press-agented Roper, Burks and Martin do not look to be as good prospects as the former sergeant.

Martin, with Smith, looks to be the best of the lot. Bob gets a real test when he meets Hugh Walker at Kansas City Friday, and Sergeant Smith now looks as of possible championship caliber.

Much favorable comment about the Wallace-Panning bout here Monday has been expressed by several Tulsa boxing enthusiasts. As expected the Kansas City and Milwaukee lightweights put up a fast and interesting scrap. Wallace has appeared here several times and has never failed to please. Panning, with one exception, has always given the boys who pay the smacks a run for their money. That was in his game with Bobby Waugh in June, 1918. Aris was sick that night, but rather than disappearing, the two went into the ring. That's a man led to last his 10 rounds was a wonder to those who knew his real worth.
